CIVICS FORUM

The Village Clerk reviewed the purpose and goal of the Civics Forum and summarized what the students have done to prepare for this meeting.

Buffalo Grove and Stevenson High Schools are represented this evening. The students were teamed up with department heads and elected officials. They were presented with proposal requests from several different departments. Each student department head presented their request before the student board, which were as follows:

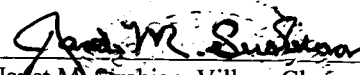

- Fire Department – Water Bottle Filling Station – details of which are contained in the September 27, 2021 memo.
- Public Works/Engineering Department – Gas Powered Post Driver – details of which are contained in the September 17, 2021 memo.
- Finance/Community Development Department – Snow Melting Walkway – Village Hall Entrance – details of which are contained in the September 20, 2021 memo.
- Police Department – At-Risk Resident ID Tags – details of which are contained in the staff proposal.

The student board discussed each of the requests, and ultimately voted to purchase a Rediboss 78 Gas-Powered Post Driver. The Village owns and maintains approximately 3,000 road signs that are installed on metal posts, of which approximately 150 are replaced per year. This piece of equipment will protect employees from injury and reduce time required for sign installation throughout the Village.

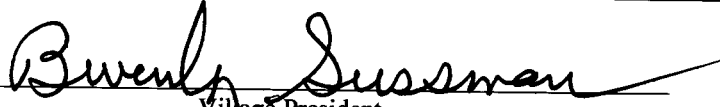

The students were then presented with Certificates from the Village and thanked by the Board and the audience for another outstanding program.

ADJOURNMENT

Moved by Weidenfeld, seconded by Johnson, to adjourn the meeting. Upon voice vote, the motion was unanimously declared carried. The meeting was adjourned at 8:22 P.M.
